Additional Information

Rebuilt the hut in September 2020. As it is new and has been closed for a year, it is anticipated that many climbers are interested in visiting this year. Despite the situation, we will need to limit the capacity of the hut up to 25 people per night to minimize the risk of C-19.

Therefore, we recommend that you avoid the day before, and on the national holidays and weekends. Please stay in the designated zone, i.e. hut and tent site, as the area is highly protected.

Please bring your own tents even if you plan to stay in the hut as the personal space is allocated, on the first come, first served basis (up to 25 people max).
